SUMMARY

Frontend Developer with 4+ years of experience building scalable, high-performance web applications using React.js and Next.js. Skilled in creating responsive, user-centric interfaces, optimizing performance, and integrating APIs to deliver seamless user experiences.

WORK EXPERIENCE

Frontend Developer - Tecnior Pvt. Ltd. | Delhi

Feb 2024 – Present

- Built and delivered 10+ scalable, high-performance web applications using React.js and Next.js, improving load times by up to 65%.
- Crafted fully responsive, user-focused interfaces that improved usability and increased engagement by 50% across platforms.
- Integrated RESTful APIs for real-time data flow, authentication, and seamless frontend-backend communication.
- Streamlined state management and asynchronous operations using modern patterns, reducing unnecessary renders and boosting performance by 50%.
- Engineered clean, reusable UI components with Tailwind CSS, Bootstrap, HTML5, and CSS3, ensuring scalability and consistency.
- Partnered with cross-functional teams (designers, backend developers, stakeholders) to deliver high-quality solutions within deadlines.
- Strengthened application stability by resolving critical issues, reducing bug rates by 75% and enhancing user experience.

Frontend Developer - Optimum logic Pvt. Ltd. | Gurugram

April 2022 – Nov 2024

- Delivered responsive, cross-browser compatible websites using HTML5, CSS3, JavaScript, jQuery, and Bootstrap.
- Gathered and translated client requirements into customized web solutions aligned with business goals.
- Elevated UI/UX design and accessibility (WCAG compliance), driving a 35% increase in user engagement.
- Accelerated performance through code optimization techniques like minification, asset compression, and lazy loading, achieving up to 50% faster load times.
- Produced visually compelling layouts and digital assets aligned with brand guidelines.
- Improved SEO performance and content accuracy, reducing errors by 40% and increasing search visibility.

Web Designer - Web Techno Solutions | Delhi

March 2021 – Feb 2022

- Delivered 10+ client websites focused on responsive and user-centric design, improving customer satisfaction.
- Diagnosed and resolved UI/UX issues, boosting overall application efficiency by 55%.
- Built high-converting landing pages aligned with modern design standards and business objectives.
- Coordinated with designers and marketers to enhance usability, streamline user journeys, and increase conversion rates.
